50.00

These bulbs are fully equal to the imported in size and flowering qualities, and having bright red skins are of much better appearance. It is well to get acquainted with them before the embargo goes on.

FREESIA Purity

Jobbers Price List 1924 Crop, W. B. CLARKE, San Jose, Calif.

		Per 1000
FREESIA Rainbow	3/4 - up	\$22.50
	5/8-3/4	15.00
	1/2-5/8	10.00

An excellent mixture of colored Freesias in a very wide range of tints.

GLADIOLUS Baby	3/4 in. - up	20.00
Blushing Bride		
Peachblossom		
Red Bride		

	3/4 in. - up	25.00
Ackermanni		
Crimson Queen		
Apollo		
Sapho		
Brilliant		
William III		

IRIS Dutch Franz Hals	27.50
-----------------------	-------

This is about the best forcing variety as it is extremely early, of good size and strong stems.

Filifolia Imperator	40.00
---------------------	-------

A magnificent blue variety, large flowers, strong stems and usually forces very successfully.

NARCISSUS Paper White Grandiflora (Calif. Grown)	
1 3/4 in. - up (about 14 cm. up)	18.00
1 1/2-1 3/4 (about 12-14 cm.)	14.00
1 1/4-1 1/2 (about 10-12 cm.)	10.00

California grown bulbs force perfectly here. They can be forced with equal success in the East if growers will familiarize themselves with their requirements. In view of the embargo scheduled for 1926 everyone handling Paper Whites should certainly order enough this year and next to give their customers an opportunity to learn how to handle them.

Northern Grown	
Mother bulbs	17.50
Round 1 1/2-2 in.	14.00

These are not recommended for early forcing. The mother bulbs (double nose) are particularly fine for seed store trade or for water forcing. The round bulbs are suitable for late forcing.

RANUNCULUS French Hybrids	
2 yr. #1 3/4 in. up	20.00
2 yr. #2 1/2-3/4	15.00
1 yr. #1 1/2 in. up	12.50
1 yr. #2 1/4-1/2	10.00

SNOWFLAKES (Leucojum vernum)	
#1	25.00
#2	20.00
